first three divisions of the respira
tory organs. Direct Treatment by means of the Howe apparatus accomplishes
this end."

Prof. DAVIS, of Chicago, says: "I am convinced that art has done little more
than palliate the disease—speaking of Consumption—and unless diseases of the
nose, throat and bronchial tubes, which are but the forerunners of Consumption,
are seriously regarded, and their course cut short by the use of medicine which can
be administered direct, the disease must go on as before, the most dreadful scourge
of the world."

Sir ALEXANDER CRICHTON, M. D., F. R. S., London, in a recent communication
to the faculty of the College of Physicians and Surgeons of London, which was pub
lished in the London Lancet, says: "That Nasal Catarrh and Bronchitis of the
chronic type cannot be cured by medicines which pass through the stomach, the
whole history of our art proves to us, but that it can be, and is effectually treated
by the new method of Direct Application we all know; therefore, I assert that the old
practice must inevitably give way to the new, as we see it is doing, slowly, yet surely."

Sir JAMES CLARK, M. D., in his work on Pulmonary Diseases, says: "The total
inefficiency of all means hitherto employed (by the stomach) is sufficient incitement
to us to seek for some other means of curing this class of diseases, in the early stages
of the malady. Dr. O. Baxter Howe's ingeniously constructed apparatus supplies a
long felt want in the medical profession."

Editor of London Lancet says: "The utility of local medication of the air pass
ages with various medicines, is extensively recognized by the profession. The want
of a proper instrument for administering the remedy is often the only reason why the
great benefit which such applications are capable of affording is withheld from the
patient. Dr. O. Baxter Howe's apparatus for administering remedies direct to the
diseased surfaces of the air passages supplies a long felt want in the Medical
Profession."

I.H.S..

PREFACE.

WE herewith present the Third issue of the CHICAGO BLUE BOOK, the publication of which we undertook, at the solicitation of many of our friends and patrons a little over two years ago. We wish to thank our lady patrons for the consideration they have shown our efforts, and trust that this volume will retain the high place in their favor, which we have won, and will endeavor to hold.

Neither time nor money have been spared to make the work as complete and valuable as possible; but, notwithstanding this, the difficulty attending the compiling of such a book can be easily appreciated. We therefore trust that any omissions will be brought to our notice, that they may be corrected in future. We keep the entire work standing in type, that such corrections can be made promptly; in this way we hope to make the Chicago Blue Book as nearly perfect as it is possible to make such a volume.

As we have stated heretofore, the title, "BLUE BOOK," is simply a name given the work on account of its *blue* cover. It does not refer to blue blood, as many people suppose. Webster's definition of Blue Book is as follows: "BLUE BOOK.—A parliamentary publication, so called from its blue paper cover, such being commonly used; *also, a book containing a list of fashionable addresses.*"

We do not claim the BLUE BOOK to be either a City Directory or an absolutely Elite Directory; neither do we pretend to pass upon the social or financial standing of the parties whose names are contained therein; but it is simply a compilation of thirty thousand names of the most prominent householders of Chicago, and suburbs within a radius of thirty miles, published in the most convenient form for reference by our lady patrons.

While retaining all the old features, such as Calling Days in the Street List, and Summer Residences in Alphabetical List, we have added very materially to our Miscellaneous Information, Club Lists, etc.

We shall always be pleased to receive any suggestions from our lady patrons whereby we can enhance the value of this work to them, or any information in regard to Social or Literary Clubs and Associations, which we have not already incorporated in our volume. The data of this work has not been compiled from circulars or information out of other Directories, but experienced men, particularly adapted for such work, have been assigned to each locality, and the greatest care has been used in selecting these names. In order to issue the book before the Holidays, it is necessary for us to commence our canvass early in September. We would therefore deem it a great favor if those absent from their homes after October 1st would send us the information which they wish inserted, as it is not safe to take it from servants, or anyone except the parties interested.

WE would respectfully call attention to the fact that we are **GENERAL AGENTS FOR ALL STEAMSHIP LINES** to all parts of the **WORLD**, and have unequaled facilities for giving our patrons the very best accommodations to be had. We would lay particular stress upon the fact that we are not compelled to book our passengers on any one line, having in our office **CABIN PLANS OF ALL STEAMERS**; should room or berth not be satisfactory by one steamer, we can easily transfer to that of another line without additional expense to the passenger. We number among our patrons some of our very best citizens, to whom we are at liberty to refer personally. Any who contemplate a trip abroad can rest assured that every attention will be given, and unprejudiced advice as to lines and steamers.

FASHION

Has done more to destroy health and wreck the lives of society ladies than anything else.

There are thousands of women who have grown so accustomed to being "not well" that they almost forget what normal health SHOULD BE. The days would not seem so long, the street cars not such a necessity, the duties of the day not half so irksome, if their health were as it was "when the world was young." The staff of physicians and surgeons of the COSMOPOLITAN DISPENSARY is composed of eminent specialists, some of whom have made diseases of women a life-long study.

They have their private laboratory and expert chemists, and the charges are so low as to be within the reach of all. Consultation and examination free to those taking treatment.

IT is well understood by the medical profession and all persons of observation and experience that **Pure Milk and Fresh Pure Cream** are necessary articles of food in all conditions of life, and indispensable in cases of lowered vitality, as in infancy, old age, nervous prostration, or any severe illness.

Chemists have found that Pure Milk averages to contain: Water, 87.41 per cent; Fat, 3.27 per cent; Caseine, 4.06 per cent; Milk Sugar, 4.51 per cent; Ash, 0.72 per cent; and that chemical analysis, or the gravimetric test, is the only competent method of determining the purity of milk. Understanding the value of these facts, the **BOWMAN DAIRY CO.** fitted up a complete Laboratory more than six years ago, and have kept it in constant operation, putting on their books of record the result of the analysis of 57,600 samples of milk and cream. At present, 40 samples are analyzed daily. Our inspection extends from the farm to the hands of our patrons. Our Laboratory work enables us to guarantee the purity of all Milk and Cream delivered by us. Having recently purchased large Creameries in Wisconsin for the purpose of obtaining **Cream from Milk while fresh**, and leaving **skim Milk in the country**, we secure **Finer and Fresher Cream** than can be done by any other method. Our retail wagons cover the entire city. All orders will receive prompt attention. **MAIN OFFICE, 68-70 NO. STATE ST. Tel. 3187.** New building for South Division, 3514-16 STANTON AVENUE. SAN JOSE, CAL., July 31st, 1890.

TO ALL WHOM IT MAY CONCERN:

I hereby certify that I was in the habit of using "Morphine" hypodermically, 10 grains daily for about 5 years, when I applied to Dr. Meeker of Chicago, Ill. I had been trying to cure myself, but could not succeed. I took his medicine for about 8 months, when I was cured. I used the Sulphate of Morphine from 1872 until 1877; average daily dose. 10 grains. I would advise all who are in the habit of using any of the preparations of Opium, to apply to The Meeker Medicine Company of Chicago, Ill., and I will guarantee a cure, if directions are followed.

The Ladies of Chicago will be gratified to know that they have in their midst a lady who is having remarkable success in

Beautifying the Face and Developing the Form.

Since coming to Chicago I have been a benefactor to some of the society belles in giving them rosy complexions and beautiful forms. Ladies have come to my Sanitarium looking old and worn and have gone away feeling invigorated and looking many years younger than when they came.

I use the same methods that are practiced in colleges of dermatology. They consist of the muscular kneading and free use of nourishing oils, which are indorsed by the best physicians in the country.

By my process wrinkles are removed and the face assumes the freshness of youth. Freckles, pimples, and moles are taken away and the skin is nourished and bleached. Superfluous hair is permanently removed by a painless process, warranted not to injure the most delicate skin.

I also develop the form and convert the puny limbs and bust into well-rounded and healthy ones. The treatment for the form is beautifying and health-giving, and is well adapted to nervous people.

I have among my patrons the most refined and wealthy ladies in the city.

I will guarantee satisfaction. Consultation free.
